Uppsala, Sweden

Photo: Päivi Heino, Susanne Eriksson

The symposium includes highlights such as:

- * Pre-conference wet labs with hands-on learning
- * World leading speakers from four continents
- * Case presentations, panel discussions, keynote lectures, poster session
- * Opportunities to network, meet old and new friends, and discover current industry trends
- * Great things happen when people meet!

**International Association for
Veterinary Rehabilitation and
Physical Therapy (IAVRPT)**

Conference Hosts:

**Swedish University of
Agricultural Sciences**

In Conjunction with:

Uppsala Cathedral

*What to do in Uppsala? How about going pre-history at Gamla Uppsala royal burial mounds and museum for 2,000-year-old pagan kings and Norse gods? Other must-sees are 13th century Uppsala Cathedral and Uppsala Castle, built in 1549. You can visit the Linnaeus Garden to get to know one of the most important scientists ever. Combine with a vacation in Sweden...
